

Discovering Sacred Art

1. Explain to the children that you are going to discover all the sacred art in the parish together.
2. Begin in the church. Encourage the children to point out the sacred art they see. Be sure they include stations, windows, and crosses.
3. Next look for sacred art in other areas such as offices, community halls, and meeting rooms.
4. After you have finished searching, ask the children to share what items they noticed for the first time today.

Also ask the children to share which pieces of art they liked best and why.
