

Generous God,
as we prepare to remember in celebration the birth of your
Son, Jesus,
save us from being overcome and trapped
by the myriad of activities the world puts before us.
We want to hold the image of your Son, our greatest gift,
in front of and above all the less important remembrances of
this season.
Remind us that the gift of Jesus as our Savior was and is
the perfect gift which fits all.

Bless this meal we share.
Grace us with your presence and be a guest at our table.
Thank you for our life together.
Amen.
