

# Our Gospel

For this activity you will need a long sheet of butcher paper (or newsprint taped together) for a mural. You will also need various art supplies such as markers, paints, glitter glue, magazines, scissors, yarn, and so forth.

The group's creative task is to make a mural collage that represents how they, both as individuals and as a group, are sign and sacrament of Christ's presence in the world. (You might also want to provide a digital camera so that the youth can include photos of each other on the mural.)

Encourage the young people to work cooperatively to complete the mural.

Be sure you display the completed mural in your parish or school community for all to see.
