

Complete the Vignettes

Invite the children to complete the following vignettes. Be sure to discuss which actions in the story are choices and which are accidents.

1. Your team is playing hard, and you're behind in the score. Then one of your teammates makes an error. Now you'll lose the game for sure. I will...
2. Your teacher asks you to choose partners for a game. You turn toward your best friend. But then the new child in class asks you to be a partner. I will...
3. At home, you drop your mother's favorite mug and it breaks. You didn't mean to do it. But maybe she'll feel bad. I will...

If you like, you could have the children act out each vignette and what they would do. Just divide the group into trios and give them a few minutes to prepare.
