

Families, Families, Families— All Gifts from God!

Materials needed: drawing paper, crayons, markers, pencils

1. Encourage children to share who their family members are by asking “Who lives in your home?” (Pets are also included.)

As each child shares his/her family unit, respond in a positive manner.

2. After many or all have shared, instruct children to draw a picture of their family.

Remind the children to include everyone (even pets) who live with them.

3. After all have completed their pictures, have the pictures fastened together with a cover saying:

Our Families—All Gifts from God!

4. Encourage the children to look through the “Family Book” (and other books made thus far) during their free play or story time.
